COMPLETING THE FORM:

Complete the form accurately and legibly. Check appropriate boxes. Identify who owned the property immediately following the decedent's death and include address(es) for such owner(s). Attach the applicable documents and information. Signature(s) must be notarized.

If the transfer is pursuant to a Marital Property Agreement ("MPA") signed by the decedent, at a minimum attach the 1st page of the MPA, page(s) of the MPA identifying to whom the property transferred on the decedent's death, and the signature page(s) of the MPA.

If the transfer is pursuant to an unrecorded document other than a Marital Property Agreement (which may include a Trust signed by the decedent), at a minimum attach the 1st page of unrecorded document, page(s) of the unrecorded document identifying how the decedent intended the property to be transferred, and the signature page(s).

WHAT PROPERTY MAY BE TRANSFERRED AND DESCRIBING THE PROPERTY:

For real property, include the complete and accurate legal description of each parcel of real property. EXCLUDE from the legal description any portion of the real property conveyed prior to the decedent's death. If your county requires a parcel identification number, that number is found on the property tax bill. Check with your county Register of Deeds to see if a parcel identification number is required.

For non-real property, include adequate identifying information for such non-real property. The identifying information should provide the name of company/holder, the last 3 digits of account or certificate numbers, applicable addresses, the ownership interests being transferred (such as number of shares of stock, percentage interest in an LLC or partnership), and any other appropriate identifying information.

Examples of non-real property which may be transferred using this form include, but are not limited to, interests in the following: savings or checking account, a security, a mortgagee's interest in a mortgage, insurance policy, contract of employment, bond, mortgage, promissory note, certificated or uncertificated security, account agreement, custodial agreement, deposit agreement, compensation plan, pension plan, individual retirement plan, employee benefit plan, trust, conveyance, online tool, as defined in s. 711.03 (18) (digital property), deed of gift, and marital property agreement (see 705.10 and 867.046).

WHERE TO RECORD THE FORM:

For real property, record the form with the Register of Deeds of the county in which the real property is located. If the decedent had an interest in more than one parcel of real property, and the relevant real property is located in different counties, a separate form must be recorded with the Register of Deeds of each county in which the relevant real property is located.

For non-real property only, record the form with the Register of Deeds of the county where the decedent last resided.
